

# Dome Studs with Pins

Available in Bronze, Gold, Rose Gold, Silver and Gunmetal Black in sizes ranging from 6mm-10mm

W\_PU-ST31-ST55-100-P

You won't need a hole cutter to fit these as the pin will pierce through the fabric!

---

## Dome Studs with pins Die set

W\_DO-PIN-DIE-G-P

The pin will drop into the base die, with the spike sticking up and the stud can be pushed into the top die face up.

---

Make sure you buy your Dome Studs in the same size as the die (eg. 10mm studs = 10mm die)

Remember you don't need to slam your Green Machine handle down, slowly but firmly press it down and that'll do the trick!
