

Low Cone Pyramid Studs

Available in Bronze, Gold, Rose Gold, Silver and Gunmetal Black in sizes ranging from 7mm-15mm

W_PU-ST-P

You won't need a hole cutter to fit these as the pin will pierce through the fabric!

Low Cone Pyramid Stud Die set

W_PY-PIN-DIE-P

The pin will drop into the base die, with the spike sticking up and the stud can be pushed into the top die face up.

Make sure you buy your Low Cone Pyramid Studs in the same size as the die (eg. 10mm studs = 10mm die)

Remember you don't need to slam your Green Machine handle down, slowly but firmly press it down and that'll do the trick!
